**Who I am:**

I am a person who is positive about every aspect of life, I like cooking, eating and swimming. Most importantly I love my cat, Diggy.

**At the end of the my FLEP Coop mentorship this is what I wish to have achieved:**

*I want to achieve my ambition of advocating and sensitizing for women spaces in the society and this can only be achieved by being in a leadership position within the cooperative*

**My leadership aspirations in the co-operative sector are:**

Help facilitate the voluntary formation and democratic functioning of cooperatives based on self reliance and mutual aid for overall economic betterment and financial autonomy.

**These are my most prevailing challenges I experience in co-operatives:**

Time constraints due to family obligations since leadership position come with added responsible . Discomfort with public speaking as it believed that young women can't speak in the presence of elderly men & women

**This is why I want to be a leader in the co-operative space:**

I want to develop leadership capability and increase social intelligence and network.
