### Who I am:

I am all-rounded with the ability of multitasking. I like exploring new opportunities and wherever I go, I always want to leave a long-term mark for remembrance.

I am a young female youth, daughter to mummy, a mother and a sister too. Hailing from the greenish town, Kericho. My family is what I value most and love it so much.

### ***At the end of the my FLEP Coop mentorship this is what I wish to have achieved:***

- To be at a top rank position in a cooperative since I have all skills of being a leader and to be able to make fruitful decisions which will be able to take my cooperative far.

### My leadership aspirations in the co-operative sector are:

To promote the cooperative association through being an ambassador.

To empower other females to become leaders and dependable in the society.

### These are my most prevailing challenges I experience in co-operatives:

- My opinions not being heard and when giving out deliberations.

### This is why I want to be a leader in the co-operative space:

Having been well equipped with skills, I think I now have the courage and confidence to become a leader in a cooperative.
