FLEP Coop Mentee Name: Phidelis Adhiambo Achuku

Co-operative / Organisation: The Ten Sisters Worker
Cooperative

Residence: Homabay County

Who I am: I am a believer in the power of collective action, and I am committed to supporting the growth and sustainability of the cooperative sector. I like to engage in volunteer work through feeding programs, and spend time with my family.

At the end of the my FLEP Coop mentorship this is what I wish to have achieved:

1. To have leadership skills
2. Increase for gender inclusivity in the coop society

My leadership aspirations in the co-operative sector are:

I aspire to become the best woman leader and to build leadership confidence among the cooperative members.

These are my most prevailing challenges I experience in co-operatives:

- Discrimination in the cooperative movement simply because of a woman leadership syndrome most people believe that women are not good enough for leadership positions.

This is why I want to be a leader in the co-operative space:

To be able to champion in the leadership position and making a positive impact in the cooperative in my community and beyond.
